

# How You Can Help

*Camp Gilmont has touched so many people in so many ways, and you are invited to give back. Be part of our future by contributing financially, praying for the camp and its leadership, and participating in work projects.*

## **Contributions**

Contribute to Gilmont annually, quarterly, or monthly. Your gifts will be used for the growing ministries at the camp and to cover direct and indirect costs associated with administering these programs.

## **Prayer Requests**

Humbly, we ask for your prayers as we seek the Father's will for the camp. At this time we are specifically asking for prayerful direction in the following areas:

- Plans for construction of a new large meeting space at the camp.
- Building an endowment for *Circle of Friends* camp for special needs children and their families
- Setting up a campership fund for kids whose families can't afford to send them to camp
- New summer camps for troubled youth, families and possibly others.

## **Work Projects**

We encourage our rental groups to get involved by participating in a service project at camp. Working together in service for others produces fruit and blesses everyone involved. Testimonies from family camps, youth camps, men's and women's retreat groups, include stories of how their work projects at camp have helped build their relationships with one another while giving them a sense of purpose in their programming – where camp is more than just fun, it is ministry.
